Service Specifications

Section 2

Service Specifications

I. Introduction

A. Overview, purpose or need

No Child Left Behind Act (NCLB) of 2001, reauthorized the Elementary and Secondary Education Act of 1965. The Safe and Drug-Free Schools and Communities Act (SDFSC) Title IV, Part A, Subpart 1 of the Act provides State Grants to support programs that: 1) prevent violence in and around schools; 2) prevent the illegal use of alcohol, tobacco, and drugs; 3) involve parents and communities; and 4) coordinate with related Federal, State, school, and community efforts and resources to foster safe and drug-free learning environments that promote student academic achievement.

(See <http://www.ed.gov/policy/elsec/leg/esea02/index.html>)

The SDFSC State Grants Governors' program is intended to provide support to parent groups, community-based organizations, and other public and private nonprofit entities for drug and violence prevention activities that complement the State education agency (SEA) and local education agency (LEA) portion of the Safe and Drug-Free Schools and Communities Program. The SDFSC grant funds are to be utilized to develop, implement, and evaluate comprehensive programs and activities, which are coordinated with schools and other community-based services and programs to:

- 1) Foster a safe and drug-free environment that supports academic achievement;
- 2) Align with the Principles of Effectiveness
- 3) Prevent or reduce violence; the use, possession, and distribution of illegal drugs; and delinquency;
- 4) Include meaningful and ongoing consultation with and input from parents in the development of applications and administration of programs and activities and include activities to promote the involvement of parents in the program; and
- 5) Promote coordination among schools, community groups and coalitions, and government agencies.

B. Planning activities conducted in preparation for this RFP

Public notice was posted at the State Procurement website on September 16, 2008 to request for information (RFI) and community input in preparation of this solicitation. Schools, community based organizations, public entities, private organizations, and concerned citizens were invited to provide comments and feedback via mail, email, fax, and/or phone. Comments and

suggestions were received from 14 attendees at a general meeting held on October 1, 2008 from 1:30 p.m. – 3:30 p.m. in Honolulu. Most of the participants at the meeting were providers of services to youth and the majority were representing nonprofit agencies on Oahu.

General comments and concerns reflected the opinion that the OYS should procure services that will eventually contribute to helping youth and communities be safer and happier. There was expressed interest in a focus on prevention to address the violence that is increasing at middle and high schools in the state and the increase of violence depicted in media and internet communications. Kalihi and the Leeward Coast of Oahu and Central Maui were identified as specific geographic areas in need of prevention programs. Comments indicated that providers are interested in providing appealing, highly engaging activities to help teach character education, conflict resolution, and decision making skills so that youth learn kindness, tolerance, empathy, and cooperation. Mentoring and working with families were also discussed as successful methods to address the issues.

Additionally, respondents suggested a shortened, simplified proposal application process, realistic performance goals, a streamlined measurement tool, reduction in reporting of program activities, and simplified data collection. Providers also urged for longer term funding since awards of one year or less are thought to be not adequate in duration to support program efforts to make changes in behavior and environment.

A second request for information was issued January 30, 2009. The request provided the opportunity to gather additional information and public feedback on the comments submitted at the initial RFI conducted in October 2008. Three agencies responded electronically and provided written comments and suggestions to further emphasize points made in October and to suggest practices and strategies that are being implemented successfully. The OYS appreciated all the feedback and comments provided during the RFI period and where applicable, allowable, and appropriate the suggestions have been incorporated in to this RFP.

C. Description of the goals of the service

The OYS supports the ongoing efforts of and coordinates with the Office of the Lieutenant Governor, the Hawaii Department of Education (HIDOE), Safe and Drug Free Schools and Communities Program, and the Department of Health, Alcohol and Drug Abuse Division (ADAD). Funded services and activities are intended to support, enhance, and align with the Hawaii Drug Control Plan (2005) which includes prevention in its three-prong approach to addressing the issues of illegal drug and alcohol use in Hawaii; the NCLB Hawaii Consolidated State Grant Application; and the Hawaii Strategic Prevention Framework State Incentive Grant.

The goal of the SDFSC Governors' program is to help schools and communities create safe, disciplined, and drug-free environments that support academic achievement and prevent drug use and violence among youth through the following activities:

- 1) Implementation of drug and violence prevention activities that complement and support authorized LEA activities including developing and implementing activities to prevent and reduce violence associated with prejudice and intolerance;
- 2) Dissemination of information about drug and violence prevention; and
- 3) Development and implementation of community-wide drug and violence prevention planning and organizing.

D. Description of the target population to be served

The target population consists of youth, ages 10 to 19, who are at risk for violence, substance abuse and/or criminal activity due to geographic, ethnic, or socioeconomic factors; youth between the ages of 10 to 19 years old who have had contact with the police, or are experiencing social, emotional, psychological, educational, moral, physical or similar problems; and/or youth of Samoan, Hawaiian, Filipino and African-American ancestry who are over-represented within the juvenile justice system.

DRAFT SPECIAL CONDITIONS

1. Insurance. Paragraph 1.4, Insurance, General Conditions, is modified and the PROVIDER agrees to the following: In order to protect the PROVIDER as well as the State of Hawaii, the STATE, and their officers and employees covered under the indemnification provision in this Contract, the PROVIDER shall obtain and keep in force throughout the period of this Contract the following insurance:

Automobile liability insurance for automobiles owned or leased by the PROVIDER and used to carry out services specified in this Contract shall be obtained from a company authorized to do business in the State, or meet Section 431:8-301, Hawaii Revised Statutes if utilizing an insurance company not licensed by the State of Hawaii, and complying with the Hawaii No Fault Insurance Law. The combined amount shall be at least ONE MILLION AND NO/100 DOLLARS (\$1,000,000.00) with respect to bodily injury and to property damage. The PROVIDER's policy shall name the STATE, the State of Hawaii and their officers and employees as additional insured. Prior to or upon execution of this Contract, the PROVIDER shall furnish the STATE with a Certificate of Insurance, verifying the existence of such insurance. Such certificate shall also expressly provide that such insurance shall not be canceled unless the insurance company has first given to the STATE thirty (30) calendar days' written notice of the intended cancellation.

If the PROVIDER is authorized by the STATE to subcontract, subcontractor(s) is not excused from the Indemnification and/or Insurance provisions of this Contract. The PROVIDER agrees to require its subcontractor(s) to obtain insurance in order to indemnify the STATE. Failure of the PROVIDER to provide and keep in force such insurance shall be regarded as material default under this Contract, entitling the STATE to exercise any or all of the remedies provided in this Contract for default of the PROVIDER. The procuring of such required policy or policies of insurance shall not be construed to limit the PROVIDER's liability hereunder nor to fulfill the indemnification provisions and requirements of this Contract. Notwithstanding said policy or policies of insurance, the PROVIDER shall be obliged for the full and total amount of any damage, injury, or loss caused by the negligent act or omission of the PROVIDER or its authorized representatives.

2. Confidential Information. In addition to Paragraph 2.1, Confidentiality of Material, General Conditions, the PROVIDER further agrees to the following:

All information and records about or for the clients served, secured from clients, the STATE, or any other individuals or agencies by the PROVIDER, or prepared by the PROVIDER for the STATE, in satisfaction of this Agreement, shall be confidential and shall not be made available to any individual or organization by the PROVIDER without prior written approval of the STATE, subject to provisions of applicable State of Hawaii and Federal statutes, and State of Hawaii Administrative Rules. To ensure the confidentiality of all such information and records, the PROVIDER shall immediately notify the STATE when inquiries for information, including subpoenas are made to the PROVIDER. The PROVIDER shall submit copies of all written requests for information, as well as subpoenas, to the STATE.

3. Maintain Records. In addition to Paragraph 2.3, Records Retention, General Conditions. The PROVIDER further agrees as follows:

The PROVIDER shall maintain statistical, clinical, and administrative records pertaining to services of this Agreement. The records shall be subject at all reasonable times to inspection or review by the STATE or Federal representatives directly connected with the program area under this Agreement. All records shall be retained and made accessible for a minimum of six years after the date of submission of the PROVIDER's final report to the STATE. Except in the event any litigation, claim, negotiation, investigation, audit, or other action involving the records has been started before the expiration of the 6-year period, the PROVIDER shall retain the records until completion of the action and resolution of all issues that arise from it or until the end of the regular 6-year retention period, whichever occurs later.

4. Equipment. All equipment purchased with contract funds under this Agreement including items of personal property, as distinguished from real property, that has an acquisition cost of \$1,000.00 or more per item and with an expected life of more than one year, shall remain the property of the STATE. All equipment purchased with contract funds must have prior approval from the STATE before purchase to be allowable. Following the Agreement period,

all equipment shall be reported in the final fiscal report to the STATE. Disposition of said equipment shall be prescribed by the STATE.

5. Publications. The PROVIDER shall submit all reports and written publications resulting from this Agreement for review, comment and approval prior to publication. Any publications (written, visual or sound), whether published at the PROVIDER's or STATE's expense, shall contain the following statements (Note: This excludes press releases, newsletters, and issue analyses): This project was supported by an Agreement from the Office of Youth Services, Department of Human Services, State of Hawaii (and if applicable, the name and federal award number of a federal grant funding the contract). The opinions, findings, and conclusions or recommendations expressed in this publication/program/exhibition are those of the author(s) and do not necessarily reflect the views of the Office of Youth Services (and if applicable, the federal grant agency).

6. HIPAA. In this Agreement "HIPAA" means the Administrative Simplification provisions of the *Health Insurance Portability and Accountability Act of 1996*, Pub. L. No. 104-191. PROVIDER is a "health care provider" under HIPAA. A "covered entity" is a health care provider that transmits information in a standard electronic transaction under 45 CFR Parts 160 and 162. If PROVIDER is or becomes a "covered entity", then PROVIDER must comply with all of the rules adopted to implement HIPAA, including rules for privacy of individually identifiable information, security of electronic protected health information, transactions and code sets, and national employer and provider identifiers. See, 45 CFR Parts 160, 162, and 164.

7. Federal Audit Requirement. The PROVIDER, when required, shall have an independent certified public accountant conduct a financial and compliance audit in accordance with the guidelines of the Office of Management and Budget (OMB) Circular No. A-133, "Revised, Audit Requirements for the State, Local Governments, and Non-Profit Organizations."
